With reference to this office letter no. 17703/ May 203-06
 of 4-2-15 about the Nowl Krishna Doso Charities states
 that the strict condition of actual habitation may
 well be relaxed and that if Govt could see their way
 to reopen the matter, the original order itself would
 have to be modified a good deal.

Correspondence ending with letter no. 17703
 referred to above has been recorded in May 203-

for payment of the arrears of *viritti* amount due to him from 1894-95. In this office letter no. 3075 of 25.4.14 the Dy: Commr was requested to submit for sanction a bill for the arrears of *viritti* amounts due to Srimati Anantachar, if, as alleged by him, the Agrahar house has been built and arrangements made for the "Dro: Dro: & &" of the original founder of the Charities -

2 The Dy: Commr replied in his letter no. 445 of 3.6.14 that a house was built long ago in the Nowl Krishnadas Agrahar at Seringapatam, but that no arrangements were made for "Dro: Dro: & &" as the house was unoccupied and that the *viritti* amount should not be disbursed until such arrangements were made.

3 On the personal representation of the pet: Anantachar that it was not possible for him to live at Seringapatam as he was a student of the Sanskrit college at Bangalore and that it was not also possible to arrange for the occupation of the house by others, as there were neither neighbouring houses nor water convenience the opinion of the Dy Commr was called for in this office letter no. 1770 of 4.2.15

as to whether some relaxation of the strict condition of actual habitation was not called for, particularly, as a refusal to pay the ^{to the facts} ~~the~~ arrears would tend to discourage the others from building -

4. The Dy. Commr in giving his opinion that the condition of actual habitation may well be relaxed, states that if so the original order will have to be modified a good deal -

5. ~~By G. O. no. 963-6/9.1898~~ ~~16-7-1894~~ The diam villages of Inraganur and Basavanahalli granted by H. H. in 1820 for the maintenance of a chattram, temple and agrahar at Paschimawahini were directed to be resumed in G. O. no. 963-6/9.199 & 16-7-1894, as the objects for which the inams had been granted had failed.

6. The above order was sought to be revised by the vishaidars concerned and in para 9 of G. O. no. 603-04 & 26-7-06 it was observed that the condition of reconstruction of an Agrahar at Serungapatam for the restoration of the vishais to their holder could not be relaxed -

7. ~~Sanctioned to be resumed~~ In G. O. no. 611-2 & 31-7-07 advances for building

houses at Seringapatam were also sanctified to 5 of the vithidars, of whom Sumati Anantachari has completed the construction of his house. It is not known whether the others have built as yet or not.

8. Kurma Subbarmachari and other vithidars ^{having} again sought for a revision of the G.O. of 1906 and the matter having again been subd. to H. H. for orders, they were informed by an endorsement (no. 281/Muz 198-05 of 17-5-13) that ^{unless} the conditions laid down in the orders of 1894 and 1906 ~~should be~~ ^{were} complied with, the vithis could not be restored to them.

9. Sumati Anantachari, who has, in compliance with the Govt. orders, built a house, pleads his inability to reside there and the Dy. Commr. has recommended that the condition of actual residence may be relaxed.

10. If the Dy. Commr.'s recommendation is acceptable to Govt., their information ^{may} ~~will~~ have to be called for as to the amount actually due to the pette up to date, and whether any more houses have ~~been~~ subsequently sprung up at the Agrahar and whether there is a near prospect of the

19. The present file is a continuation of file no 283 of 1906-0. The history of the case is a very long one dating as far back as 1861.

W

20. The first definite step taken by Govt was in July 1894 when the rules were attached and on the representations of the Vrittidars they were told that Govt however will consider favourably the question of restoring to them ~~the~~ the Vrittis or their equivalent after they build their Aprabha houses in a locality approved by the Govt and otherwise conform to the conditions of the grant.

D

21 This order was again confirmed by Govt at para 9 of their order dated 26th July 1906. Since then

granted to the Vrittidars in Seviga and Suneti Anant was the first to build a house and this has also been done by Sahas rajan am lak shu ba ra Se ha cha r. The present question relates to the payment of the balance of the Vritti income belonging to them and in the hands of Govt.

22. The only point for consideration is whether an actual residence of the Vrittidars in the Apraka house is an essential condition entitling them to keep of the Vrittis. This is not a necessary incident in the case of all Apraka grants, only when there is an express mention of the condition, the term should be strictly enforced vide page 625 of B. 26 Rev. Manual. The original Sa ma nt of His the late Shy ba ra do s does not include this condition ~~and~~ ~~the~~ ~~being~~ ~~of~~ ~~the~~ ~~condition~~ ~~to~~ ~~be~~ ~~of~~ ~~the~~. On this point please see Mr. Bay in dore g's letter dated 20.7.11.

24. I agree with the view taken by the Muzrai Secretary that the Agrahar houses need not necessarily be occupied by the vrittidar but I think that they should at any rate, be owned by Brahmin vrittidars and also occupied by Brahmins. Otherwise, it will be open to the vrittidar to rent out the house to a non-Brahmin - say for instance, a Mohammadan - and the agrahar so called will then become a misnomer; and this would be a violation of the conditions of the grant. I am of opinion therefore, that it should be an essential condition for the continuance of the vrittis that they should be owned by Brahmins and the agrahar houses also occupied by Brahmins.

25. This, however, does not completely dispose of this case and I think it is desirable to arrive at a final decision about the treatment and disposal of the vrittis. The following points may be considered:-

26. 1. Assuming that the vrittidars agree to abide by the above condition, the question arises as to whether in view of the fact, that they had abandoned their agrahar long ago, they are entitled to the payment of the arrears of the vrittis, simply because they are now prepared to restore the agraharam. By making full payment of the arrears, ^{we} shall not be imposing any penalty on them for the non-observance of the conditions for the past quarter of a century nearly. However, as an undertaking has al-

and apportioning the receipts therefrom among the vrittidars, the temple and the chatram, by far the better arrangement will be to adopt one of the following courses ^(Sanctioned) suggested by Mr. A. Subramanya Iyer as Muzrai Superintendent in his note dated 30 3

- (4)
- 29 1. To resume both the villages to Government and commute the vrittis into cash payments on suitable conditions.
- 30 2. To assign one of the villages as agrahar inam among the agrahar vrittidars and reserve the other to Government with money grants for the support of the temple and the chatram; or
- 31 3. To assign both the villages to the vrittidars and recover from them as jodi the proportionate share for the chatram and the temple and assign it as a cash grant for ~~them~~ these institutions.
- 32 4. Enfranchise the agrahar vrittis (if the vrittidars agree to it) by converting it into hereditary cash grant or otherwise, commute the temple and chatram vrittis into money grants and take over the villages under Govt. management.
- 33 I shall be glad to be favoured by the Muzrai Secretary with his views in the matter.

NOWLKRISHNA DOSS'S CHARITIES.

The villages of Turuganur and Pasavanahalli in T.Narasipur Taluk were granted as Sarvamanyam by - His Highness the Maharaja Krishnaraja Wodayar III to - Nowl Krishna Doss by a Sarnad dated the 8th March 1820 for the maintenance of certain charitable Institutions viz., a Chattram, 3 Temples and an Agrahar at Paschima-
vahini. In November 1832, the donor divided the Inam

2. The village lands were however not divided into separate holdings and allotted to the several -- vrittidars; on the other hand the management of the Villages was retained by the Inamdar as Manager of -- the Charities, and the net revenue realized year by year was divided amongst the several vrittidars in proportion to their respective shares.

3. Matters went on smoothly for several years till about the year 1865, when disputes arose between the Manager and the Agraharikas owing to the latter - not receiving their vritti allowances regularly; and some of the Agraharikas commenced suing the Manager - in Civil Courts for the recovery of their vritti al-
lowarces.

*Inam was very poor then,

4. While the parties were thus contending in Civil Courts, the Inam Settlement took place in 1880.

In this settlement the villages were registered as Devadaya grants to be held by the Manager for the -- time being of the Charities established by Nowl Krishna Doss. At the enquiry the vrittidars petitioned the Inam Superintendent praying that the names of all the twelve Agraharikas may be entered in the title deed. But the Inam Superintendent rejected the prayer observing that the names of the Vrittidars should not be -- entered in the title-deed.

5. In 1885, the Sub Division Officer of French Rocks found all the Institutions in a neglected condition and after enquiry and perusal of the previous records passed an order directing that the Institutions and their endowments should be taken over under the -- direct management of the Taluk Amildar. The Order was accepted by the Deputy Commissioner, who instructed the Amildar of T.Narasipur Taluk to assume the management of the villages and remit the collections to the Amildar of the Seringapatam Taluk in view to the money being applied for the benefit of the Charities. An Istihar notifying such assumption was accordingly published ~~on~~ ⁱⁿ October 1887, for the information of all concerned. On proceeding, however, to settle the revenue affairs of the villages the Amildar experienced at the outset some difficulty in collecting the rents from the ryots, as the Munsiff's Court had previously attached the villages for the debts due by the Manager to the Vrittidars and had appointed a Receiver for the management of the Villages. The Deputy Commissioner thereupon reported the foregoing circumstances to - Government and sought orders on the subject of the liability of the Inam Villages to attachment by Civil - Courts in satisfaction of the Manager's personal debt. Later on in July*1889, the Deputy Commissioner add another report to Government, submitting copies of the

attachment orders issued to his Office by the Civil Courts and soliciting early decision as to the liability of the Inam Villages to such attachment. The Court was at the same time informed by the Deputy Commissioner of the fact that the matter has been reported to Government for orders. The Amildar was also directed to make arrangements for the regular Jamabandy and - - revenue collection of the two villages which he did with effect from the year Sarvajit (1887-88).

6. In December 1889, Kurma Subbannachar, one of the Agrahar Vrittidars, petitioned the Deputy Commissioner submitting copies of Civil Court Decrees obtained by him and certain other Vrittidars in respect of the vritti allowances due for the years Tharana, - - - Parthiva and Vyaya and praying for the payment of the decreed amounts out of the revenues of the Inam villages collected by Government Agency. The Deputy Commissioner (Mr. Meiklejohn) submitted the petition and -- its enclosures to Government for orders, observing as his opinion, that the amount recovered by the Government since 1886, and held in deposit should first be utilized for repairing the Chattram and meeting the cost of the maintenance of Puja services in the temples, and that any balance remaining after meeting the above expenditure might be distributed to the Vrittidars according to the Decree and in the proportion of the Inam grant.

7. In November 1893, a petition was received by Government in the Muzrai Department complaining that - the Charities established by Nowl Krishna Doss had --- fallen into decay and that the proceeds of the Inam -- villages endowed thereto were not being applied for the purposes of the Institutions. The Deputy Commissioner to whom the petition was referred reported that the -- Institutions were all in dilapidated condition. The successor of the original grantee (Nowl Venkata Doss)

8. Government thereupon passed an order No. 963-6/G.199 dated the 16th July 1894, directing the Deputy Commissioner to assume possession of the villages and to apply to the Superintendent of the Revenue Survey for the introduction of Survey and Settlement into them as Government villages. In this order, Government - - added that it was not their wish to allow Charities of some local usefulness to be utterly abolished and that they would be willing to make a reasonable grant from the general revenues of the State to the Muzrai Department for the restoration and maintenance of the Chatram and temple as Government Muzrai Institutions.

9. Sometime after this order was passed, the - - Vrittidars complained to the Dewan of the resumption of their Vrittis, and in reply they were told that the resumption was just and proper and must continue in -- full force and effect, and that the Government however would consider favourably the question of restoring to them the vrittis or their equivalents, after they build Agrahar houses in a locality approved by the Deputy Commissioner and otherwise conform to the conditions of -- the original grant. The Vrittidars were also directed to apply to the Deputy Commissioner for the selection of ~~the~~ a suitable site for their Agrahar which, wherever built should be known after the original donor.

A Government Order to this effect was passed in Proceedings No. 9046-2/R.1369 dated the 2nd December 1894, and communicated to the Deputy Commissioner, - - Mysore District.

10. The I villages were thereupon resumed to Government with effect from the year Jaya (1894-95)

11. The Deputy Commissioner was instructed to allot sites to the vrittidars at Seringapatam for the construction of a New Agrahar. But when the Deputy Commissioner proceeded to do so, none of the vrittidars -- showed a desire to build. On this being reported to Government, an Order No. 500/Muzrai. File 31-94 dated the 5th October 1896, was passed requesting the Deputy Commissioner to prepare a plan of the sites newly allotted to the several vrittidars and serve on them a notice -- requiring them to take charge of their respective sites and commence building thereon within a stipulated time and informing them at the same time that in case they -- fail to do so, the sites will be otherwise disposed of.

12. On this the vrittidars expressed their willingness to build and the Deputy Commissioner recommended -- that they might be put in possession of the sites and -- paid the arrears out of the realizations of the Inam villages in small sums as progress was shown by them in the construction of the houses. The Government passed an order accepting this recommendation and observing that the vrittidars were entitled to receive only the net -- revenue collected by the Government from the time when the villages were taken over under Government management in the year 1886, to the date on which the villages were finally resumed under the Order of July 1894, and -- -- -- authorising the Deputy Commissioner to disburse to the vrittidars the amounts due to them after satisfying himself as to the present claimants being the rightful representatives of the original grantees and deducting the sums reported to have already been paid to some of them.

13. This was followed by another Order of Government in the Financial Department No. 825-6 dated 11th -- August 1904, sanctioning the disbursement of the arrears of the vritti amounts from 1886-1894.

14. Even after this Order none of the vrittidars

including even some of those who received a portion of the vritti amount cared to build houses.

On this the following Order was passed in --

(3) "The personal vrittidars, who are reported to have shown no inclination till now to build the Agrahar houses on the sites already selected by the Deputy Commissioner at Seringapatam, must be given final chance with one year's time to carry out the conditions offered to them in the Order of December 1894, and distinctly warned that the promise then made will be finally withdrawn and cancelled after the expiry of this -- period. The arrears of the vritti allowance from 1886 to 1894 may however be utilized in giving to such of the vrittidars as show an inclination to build houses and live in the Agrahara, a suitable advance for such construction on their giving proper and adequate security. The Deputy Commissioner is requested to see that when an advance is made the vrittidars actually build and -- live in their houses and perform the conditions of the grant within one year of such advance being made. The Agrahar houses should be built in accordance with an approved plan and in a suitable and healthy locality."

15. In regard to the temples and the Chattram the Government in Proceedings No.825-6 dated 11th August -- 1904 (Financial Department) referred to above, sanctioned the payment of the arrears of Vritti amounts -- from 1894-95 to 1902 and fixed the vritti allowances -- payable to the Institutions from 1903-04, as hereunder

Rameswara Temple Rs.108/- @ Rs.9-0-0 a month.
Pattabhiramaswami Temple. Rs.108/- @ 9-0-0 a month.
Anjaneyaswami Temple Rs.18/- @ Rs.1-8-0 a month.
The Chattram and Sadavartha Dharma: Rs.165/- @ Rs.1

Rs.399/- Total..... RS.33-4

16. And again in the order of 17th August 1904, the Government issued the following instructions:-

"The amount due to the Chattram, viz., Rs.13-12-0, should be regularly drawn every month and added on to the deposit amount after meeting the care-taker's pay sanctioned in para 7 below. The Amildar of the Seringapatam Taluk should be directed to see to the regular performance of the services in the temples.

A regular estimate and a plan for thoroughly repairing the Chattram should at once be submitted by the Deputy Commissioner to Government in the -- Muzrai Department".

*G.O. No. 603-4 B 24-7-1906
File IV, H. of L.*

17. A Care-taker on Rs.50/- was also sanctioned to the Chattram, the charge being met from the sum of --- Rs.13-12-0, a month allotted for the Chattram.

18. In March 1906, Kurma Subbannachar, one of the Vrittidars, submitted a memorial praying among other -- matters, for the cancellation of the Government Order -- relating to the resumption of the villages. 'Some of' -- the other Vrittidars joined Kurma Subbannachar, and prayed also for a reconsideration of the Government Order No 9043-9/R.1368, dated the 2nd December 1894, which makes it incumbent on the Vrittidars to build Agrahar houses before they prefer their claim to the Sarvamanya Vritties or the income therefrom. On this point two of the petitioners, viz., Kurma Subbannachar and Subba Krishna Rao, who represented the other contending Vrittidars -- also, were head. They contended that they were not -- bound to build Agrahar houses anywhere because the grant of Vritties to them by the founder of the Agrahar in 183 did not impose any such condition on them and they urged that the Government Order of the 2nd December 1894, be therefore cancelled and that the Sarvamanya villages restored to the Vrittidars unconditionally. But

Government decided that this contention was untenable - holding that the chief condition of the grant of the villages in 1820, by His Highness the late Maharaja Krishnaraja Wodeyar Bahadur III, to Sahukar Nowl Krishna Dass Sait, was the maintenance of the Chattram, Temples and Agrahar built by the latter at Paschimavahini on the banks of the river Kauvery and the confirmation of the Inam by the Inam Department was also on that condition. The Government observed that in the case of the Vritti-dars, it was specifically stated in the Inam Register that they should maintain the Agrahar houses and reside therein themselves or keep persons in them qualified to observe the conditions of the grant and as the Chattram and the Temples were being maintained in Paschimavahini in accordance with the conditions of the grant, provision must also be made for an Agrahar, if the Vritties, originally assigned therefor, were to be restored.

19. In regard to the question whether the Agrahar should be built in Paschimavanini itself where it had originally been constructed or in Seringapatam, where sites had been selected and allotted in pursuance of the Government Order of 1898, or whether the Agrahar houses could be permitted to be constructed anywhere else, the Government observed that all the Vittidars, including the memorialist and the others, had agreed before the Sub-Division Officer of French-Rocks in 1898, to build houses on the sites selected and pointed out to them at Seringapatam, and that they themselves had requested to be permitted to build their Agrahar houses in that town on the ground that Paschimavahini was an unhealthy place.

20. Considering the above facts and also the circumstances that a house had already been constructed by one of the Vrittidars in pursuance of the Government Orders, and the fact that one of the conditions of the

grant of the Inam was the maintenance of a Pramin Agrahar on the banks of the river Bauvery at Paschimavahini, and that a concession had already been shown to the Vrittidars by permitting them to build Agrahar house at Seringapatam instead of at Paschimavahini, the Government decided that it was undesirable to disturb the -- orders already passed on the subject, and that the petitioners should therefore be informed that the previous orders in regard to the reconstruction of an Agrahar in Seringapatam could not be reconsidered.

21. The Deputy Commissioner's attention was also invited to para 3 of the Government Proceedings No.745-(Muz.F.31-94 dated the 17th August 1904, and he was requested to report whether as directed therein the Vrittidars had been given a final chance with one year's -- time and, if so, whether any of them who had previously shown no inclination to build Agrahar houses at Seringapatam, had come forward to take up sites and build houses thereon and in what stage the matter stood.

22. In December 1910, Kurma Subbannachar and others again petitioned the Government praying for the restoration of the Vritties and the disbursement of the amounts due to them under the decree of the Civil Courts. On this Mr.A.Subramanya Iyer, (the then Muzrai Under Secretary) submitted an elaborate and exhaustive Note ~~arguing~~ arguing that the contention of the petitioners that they were not bound to construct Agrahar houses must be upheld and that the Inam Settlement could be conveniently revised and the Agrahar Vritties settled as personal and enfranchised. The then First Councillor (Mr.H.V.Nanjundaiya) supported the above view adding that it was impossible to enforce the conditions about the building of Agrahar houses and living there. The Inam Superintendent was un-officially consulted on the question of revising the Inam Settlement and he said that the

settlement already made must be adhered to as being in accordance with the intention of the donor, adding that any modification in the settlement would be in contravention of His Highness's wishes, and that he saw no reason to reconsider the orders already passed. The Dewan in submitting the case for the gracious orders of His Highness the Maharaja expressed it as his opinion that the Order of the 2nd December 1894, confirmed by the Order of 24th July 1906, must stand. His Highness having expressed his concurrence with the view of the case taken by the Dewan, an endorsement was issued to Kurma Subbannachar (No. 2081 dated the 17th May 1913) intimating that the matter could not be reconsidered.

THE PRESENT CASE.

Current file.

23. This relates to the claim preferred on behalf of one Sumati Anantachar a minor Vrittidar so far back as March 1916, for payment of the arrears of Vritti --- amount on the ground that he had constructed a house in the site allotted to him at Seringapatam. On enquiry it was found that the house had not been occupied, as Anantachar himself was a student in the Sanskrit College and there was some difficulty in arranging for the house being occupied by others because there were no houses round about and water convenience was wanting. The Deputy Commissioner's opinion was then called for --- whether some relaxation of the strict condition of actual habitation was not called for particularly as the refusal to pay the arrears due would tend to discourage others from building. In reply the Deputy Commissioner reported that the condition of actual habitation might well be relaxed.

24. In submitting the case for orders on 23rd July 1919, Mr. G. Aravamudu Iyengar has noted as hereunder:-

Para 22 of note.
Ref J.

"The only point for consideration is whether actual residence of the Vrittidadars in the Agrahar houses is an essential condition entitling them to enjoy the Vrittis. This is not a necessary incident in the case of all Agrahar grants. Only when there is an express mention of the condition, the term should be strictly enforced (vide pages. 625 and 626 - Revenue Manual). The original Sannad of His late Highness does not include this condition. On this point please see Mr. Nanjundaiya's note under date 20th July 1911.

~~Third~~

25. On this the Third Member has recorded a Minute under date 6th August 1919, observing:-

Paras 24 to 33 of
Note. Ref K

1) that it should be an essential condition for the continuance of the Vrittis that they should be owned by Prahmins and the Agrahar houses also occupied by --- Brahmins;

(2) that as an undertaking has already been given by Government in their Order dated 17th August 1904, that the arrears of Vritti would be paid to such of them as build houses on the site selected for the new Agraharam within a period of one year, we may restrict the payment of the full amount of the Vritti, only to those who completed the construction of their houses within three (or even five) years from the date of the Order;

(3) that in the case of others the amount may as a penalty be reduced by 25 per cent and that all the remaining Vrittidadars who have not built their houses may be informed that the Vrittis will be finally resumed to Government and that no arrears will be paid if they do not complete the construction of their houses by the end of December 1920;

(4) That in regard to the villages themselves one of the following courses suggested by Mr.A.Subramanya Iyer as Muzrai Superintendent in his Note dated 30th March 1911, may be adopted:-

(a) to resume both the villages to Government and commute the Vrittis into cash payments on suitable -- conditions;

(b) to assign one of the villages as Agrahar Inam among the Agrahar Vrittidars and reserve the other to Government with money grants for the support of the -- temple and the chattram or

(c) to assign both the villages to the Vrittidars and recover from them as Jodi the proportionate share for the Chattram and the temple and assign it as a cash grant for these institutions;

(d) enfranchise the Agrahar vrittis (if the vrittidars agree to it by converting it into hereditary cash grant or otherwise, commute the temple and Chattram -- vrittis into money grants and take over the villages -- under Government Management.

26. The Member has invited further views in the matter.

27. The Vrittidars having been summoned, 8 of -- them have appeared and given statements as hereunder:-

Gumati Anantachar and Lakshminarasimhachar state that they have already built houses and they pray that the balance of the vritti amount due from the year 189 may be paid to them after deducting Rs.309/- and odd and Rs.900/- respectively paid to them already. This request deserves favourable consideration.

A Narasimhaiya, requests the payment of the amount due to him from 1894, deducting Rs.500/- already paid him for house construction. He states that he has built a house as no site was allotted to him and was no order to that effect. His contention is tenable.

Kurma Subbannachar and others simply repeat their old request for the payment of Vritti amounts due from the year 1886, under decrees already obtained by them Civil Courts. This request has been considered and rejected more than once and these persons cannot be allowed to re-open the question until at least they have built houses on the sites marked for them.

28. As regards the future management of the villages and payment of vritties Anantachar wants his vritti to be handed over to him.

Lakshminarasimhachar says that the villages may be managed by Government and he wants only that the proportionate amount due for his vritti to be paid to him annually.

A.Narasimhaiya states that either the villages may be apportioned among the vrittidars but without giving the privilege of Kadim tenants to the ryots or that the villages may continue under Government management and proportionate vritti amount given to him annually.

Kurma Subbannachar and others want the two villages to be handed over to the vrittidars, the proportionate amount due to the temples and the Chattram being recovered from them as Jodi and paid to the Institutions concerned.

29. It will thus be seen that the vrittidars are not all agreed as to the future management of the villages. But having regard to the circumstances of the case in all its aspects, I think that the best course will be to adopt the first of the four alternatives proposed in the Member's minute of 6th August, viz., to resume both the villages to Government and commute the vrittis into cash payment on suitable conditions.

30. This has been practically done in the case of the temple and the Chattram to which fixed cash

have been assigned by the Government in the Order dated 11th August 1904, Similar sums may now be fixed for payment, in future, to the vrittidars who have already built houses in the Agrahar sites and also to such of them who on building hereafter may be considered deserving of the continuance of the vritties. To assign vritties in land under present conditions will be highly inconvenient. Even prior to 1886, when the villages were under the management of the donor's representative the vrittidars admittedly received their dues only in the shape of cash payments out of the income of the villages. They had not at any time been given possession and enjoyment of defined vritti shares in the village lands. It was perhaps on this account that at the In Settlement too the Superintendent refused to heed the prayer of the vrittidars for the insertion of their names in the title-deed.

31. The commutation of the vritti into suitable cash payments will thus be consistent alike with the past holding of the villages and also with the order - passed in July 1894, wherein it is directed that the villages should on resumption be surveyed and settled as Government villages. The amount of the cash allowance payable to each of the vrittidars may be separately determined on the merits of the claim of each with reference to the income derived from the villages in the p

90. Reference is invited to the note put up by the Under Secretary. Two villages had been granted as Inam for the benefit of a Chattra and some temples and also certain Agraharikas in -- Paschim Valini. As the charities had been neglected and no agrahar had been built, the villages were taken under Government management in 1886 and resumed with effect from 1894-95.

91. On 2nd December 1894 the Vrithidhars were informed that if they built Agrahar houses in a locality approved by the Deputy Commissioner and otherwise conform to the conditions of the original grant, the question of restoring to them the Vrithis or their equivalents would be favourably considered.

92. On 17th December 1904 it was ordered that if they did not build houses within one year and carry out the conditions offered to them in December 1894, the promise then made would be finally withdrawn and cancelled at the end of that period.

93. The Deputy Commissioner reports that Suzati Arantachar and Bahasranana Lakshmi Parasimachar, two of the Agraharikas have built houses on the sites allotted to them for the purpose at Seringapatam and they may be paid the arrears of Vritti amount due to them.

Serial
No.*I do not think that*

the houses are not built within the time
 allowed but the delay may be *condoned.*

95. Muthiah Arasimachar is living in his house, while Sumathi Arasimachar, who is the Barait Parait of the Government M.V. School at Alledararam has let out his house to the Girls' school at Seringapatam. Being Arasimachar houses, it should be an essential condition for the continuance of the Vrittis or their equivalents or even for the payment of arrears that the houses should be owned and occupied only by Brahmins. But a point may be stretched and the occupation of the building by the Girls' school may be regarded as fulfilling the terms of the grant. The occupation of the buildings as dwelling houses by other than Brahmins may be a violation of the terms of the grant, but the use of them as school buildings may be tolerated.

96. As regards the period for which the arrears can be refunded, it can only be from 1886 to 1894, for the villages were resumed to Government in July 1894 and no Vrittidhar can have any claim to the income derived from the villages from 1894-95. And so it has been ordered in Government Order No. 797-3 dated 25th December 1898.

97. The proportionate share of the net income due to Sumathi Arasimachar and Sankaranarayanan Arasimachar may be paid to them, less the amounts

amounts already disbursed to the.

98. This is the only point directly arising in the case.

99. But some other points have also been incidentally raised.

100. One of these is a claim of Kurma Subbarao for the payment to him from the revenues of the villages of several sums of money for which he obtained decrees against the persons managing the villages long before they came under Government management, but this is obviously untenable and he has been informed so already.

101. Another question raised is about the restoration of the Vrittis or to the Agraharikas or their equivalent and how the villages should be managed. Since the villages have been resumed to Government in 1894 and since the condition on which Government said they would consider the question of making over the Vrittis or their equivalent to the Agraharikas, viz., the construction of an Agrahara consisting of 12 houses by them, has not yet happened it is premature to consider the question now. If the Agraharikas other than the two persons named above, who have not yet built houses should do so and pray for the restoration of the Vrittis, the question may be taken up for consideration.

102. For the present it would be enough if

I beg to submit the following representation for your kind consideration and very early orders.

I am a resident of Seringapatam and a Vriddedar of Navol Krishnadas Setty's charities. As required by the terms I built a new house in the site selected by the Deputy Commissioner and have been living there for over a year. I prayed several times that the balance of the amount due to me, out of the old accumulated funds, as well as the amount for present maintenance may be paid to me.

In letter No. 272 of your office I was required to apply to the Deputy Commissioner, Mysore District to whom, the reference was stated to have been sent for final disposal. But on application to him I am informed in No, 790-19-20 that the connected correspondence has once again been referred to you, for disposal on 7-6-1919.

Sir,

I am a very old man, and nearing my end. Recently I lost one of my promising sons and since that I have been bereft of all help. I have no other means to fall back upon to discharge, my debts etc., increased solely to maintain my family in these famine and wretched days. Would it therefore be too much, Sir, to request, you will be so good as to issue orders for payment of the amount to me early, so that a poor old man may die in peace?

For this act of charity and kindness I shall feel highly grateful.

While replying the address noted below may kindly be used.

I beg to remain,

Sir,

Your most obedient servant,

As per your office memo, I appeared before you on 15.11.19 and gave Xyphizet concerning the "Vritty" granted by Nowl - Krishna Doss for which you told me that the balance due to Vritthidars will be cleared out very early. To the grant of arrears no order has not yet been passed. This being a very hard time, it is impossible to maintain the family for the old man like me who is nearly 72 years of age. I am getting weaker and weaker every day, so I cannot come before you now and then. I have run into debt for having built a house as per Govt. order. Therefore I request you that you will be kind enough to grant me my arrears of 'Vritthi' amount for which act of kindness I shall be ever praying for your long life and prosperity.

I beg to remain

With reference to the disposal of the
charities of Naval Krishnadas' Vritti at
Seruigapatam, I, the undersigned, Sahasra
namada (ಸಹಸ್ರ ನಾಮದ) Lakshminara-
himbachar of Seruigapatam, submitted
a petition dated 25th Jan 20, re-
presenting all my difficulties and praying
for early payment of the amounts due to
me. I am very old, feeble, sickly and
in my last days. I lost one of my sons
who was the only hope of my family and
the other son is a very ignorant boy
knowing & nothing of the world. My wife
is weak in her sight and can't move
about freely beyond the house.

The economic conditions are
simply terrible. Even in these
days we are living on one meal
with difficulty. If you can take.

points mercifully and order payment
of the amount due, you can bestow on
me the peace that I sorely need in
my last days. My only anxiety is to
clear some debts that I have contracted.
Stock some provision for the year, and
bring my affairs to some order before I
end my days

I am very sorry to trouble you
so frequently on this account. But I
hope you will see from the above
conditions that I am justified in
doing so & have no alternative

Soliciting the favour of your
immediate merciful orders and
humbly thanking you in anticipation
for the same

to other Vrittidars ^{Vij} to build ~~the~~ houses immediately in the
Agrahar and to live there in. Out of those, I am the only one --
that obeyed the Government Order and have ~~the~~ built the house --
almost immediately and dwelling there in since then. The others
not only have failed to build the house up-to the date in spite of
the Government Orders but also have utilized the advanced amount
by other means and have been enjoying the benefits derived out of
the advanced amount and happily residing in their houses in town
proper without any cares and anxiety. I am the only one and
rare exception that not only have utilised the full advanced
amount for constructing the building itself but also incurred
some further expenditure for its completion as the advanced
amount was quite in-sufficient and thus have incurred some debts
and have also dwelling in this lonely locality and thereby exposed
to much inconveniences in all aspects.

It is then proper, Sir, to compare my case with those of other
Vrittidars who are quite happy and ask me to wait saying that
my case will also be settled when whole question of others are
settled?

Before this I have also some other claims to submit here for
your consideration. When I represented all these to Mr ^{Va} S. Aramuda
Iyengar the then Muzarai Superintendent, He was pleased to see
my house when he had been to Srirangapatam and quite satisfied
and promised that he would settle my claims soon. I also learnt
that he made a reference to the Deputy Commissioner, Mysore

recommend the sum of amount that may be further paid to me
pending final disposal. I also learnt that the Deputy Commi

the settlement if necessary.

I do not better conclude this lengthy petition than praying almighty sree Ranganatha, the Supreme God of this Ancient Historic place to bless you with long life and prosperity and induce you to take pity and help the poor stricken people like me. My days are almost end in this world, Sir, and hence I desire that my prayer is granted soon so that I may *die peacefully*. Thanking you in anticipation

Patn. Regr. No 567

Sir,

I, Sahasranamada Lakshmi Narasimha Char, Vrittidar of --
Nawal Krishna Das Seth Agrhar, residing at Seringpatam, in --
~~connection~~ continuation of my innumerable other representations
praying for early disbursement of my Vrith claims remaining with
the Government, once again most respectfully beg to submit the
following few lines for your gracious consideration and immediat
favourable disposal.

Aged though I am, aged nearly 85 Years, still with ~~one~~^{due} deference to Government Orders and encouragement, I have built a lonely house in the agraahar years back and am residing in the lonely place with my family and thus fullfilling the object of the doner and the Government, on account of this my other more costly house in the town proper have almost been ruined, partly on account of my dwelling in the new house and partly for my inability to look after that house at this old age of mine. After I ventured to built this new house and leaving there in I have put into a good deal of personal in convenience and a substantial monetary loss. Yet I did not much mind for it considering the encouragement promise^d to me by the Government and also in view of the fact that I would serve the object of Government and the doner. It is due to my mis-fortune that nothing has been done to me in spite of the kind promise of the Government given to me and my huge efforts made to secure it. All my representations have been shelved and even a formal endorsement denied to me. I cannot do better than repeating cries by means of submitting similar applications.

Every

Every now and then with a hope that one or the other would -- receive your kind attention.

Next coming to the business point I am compelled to touch -- some other point here in support of my claims they are as follows.

1. The Government have made similar advances (as they made to me) to other Vrittis-dars, ~~to~~ to build the houses immediately in the Agrahar and to live there in. Out of those, I am the only man -- that obeyed the Government Order and have ~~the~~ built the house -- almost immediately and dwelling there in since then. The others not only have failed to build the house up-to the date in spite of the Government Orders but also have utilised the advanced amount by other means and have been enjoying the benefits derived out of the advanced amount and happily residing in their houses in town proper without any cares and anxiety. I am the only poor and rare exception that not only have utilised the full advanced amount for constructing the building itself but also incurred some further expenditure for its completion as the advanced amount was quite in-sufficient and thus have incurred some debts and have also dwelling in this lonely locality and thereby exposed to much inconveniences in all aspects.

Is it then proper, Sir, to compare my case with those of others Vrittis-dars who are quite happy and ask me to wait saying that my case will also be settled when whole question of others are settled?

Beyond this I have also some other claims to submit here for your consideration when I represented all these to Mr. S. Aramudu Iyengar the then Muzarai Superintendent, he was pleased to see my house when he had been to Seringapatam and quite satisfied and promised that he would settle my claims soon. I also learnt that he made a reference to the Deputy Commissioner, Mysore District, to go through all the representations made by me to recommend the sum of amount that may be further paid to me pending final disposal. I also learnt that the Deputy Commi

Commissioner, Mysore District, has long ago reported to your Office that how much may be paid now. So it only amount remains Sir, that your honor should kindly *peruse* all the connected records and take further action to arrange for payment.

As these are very *hard* days and the life has become too costly you can *imagine*, Sir, the difficulties and worry of an old man aged nearly 85 with a ~~number~~-less dependents like me.

I therefore once again most humbly and respectfully beg your honor to kindly bestow *mercy* on a poor old man like me and arrange for immediate payment as recommended by Deputy Commissioner pending final settlement if necessary.

I cannot better conclude this lengthy petition than praying almighty sree Ranganatha, the Supreme Diety of this ancient Historic place to bless you with long life and prosperity and induce you to take pity and help the poor stricken people like me. My days are almost end in this world, Sir, and hence please see that my prayer is granted soon so that I may *die peacefully* Thanking you in anticipation.
~~Awaiting~~

Awaiting your early favourable endorsement.

Yours Obediently,

ವ್ರಿತ್ತಿದಾರ ನವಾಲ್ ಕೃಷ್ಣನಾಡ ಸಾಥ್

observing that the resumption of the vil-
lages of Turaganur and Basavanahalli in
the T. Harsipur Taluk endowed to the Haveli
Krishna Doss Charities ordered in the --
above proceedings of Government, will
continue in full force and effect and
that the question of restoring the writ-
ties or their equivalents will be favours-
ably considered after the Vrittiddars build
their Agrahar houses in a locality ap-
proved by the Deputy Commissioner and
otherwise conform to the conditions of -
the original grant.

orders regarding the arrears of Vritti
amounts ^{payable to} ~~claimed by~~ the Vrittiddars of the
Agrahar.

(4) Government proceedings
4/Muz. dated 11th July 1906, declining

the reconstruction

*Please, the Vritti Shastri were in-
formed that if they built*
agrahar houses in a locality approved by

the Deputy Commissioner and otherwise con-
form to the conditions of the original ~~order~~
grant, the question of restoring to them the --
vritties, or their equivalents, would be
favourably considered. The application of
the vrittidars for a reconsideration of --
this order was rejected in the fourth of
orders read above.

2. The Deputy Commissioner, ^{had} reports
that Sumati Anantachar and ^{na} sahasramada
- Lakshminarasimhar, two of the vrittidars,
have built houses on the site allotted to
them and recommends the payment of the --
arrears of vritti amounts due to them. The
latter is living in the house built by him
while the former, who is the sanskrit pan-
dit of the Government A.V. School at Malles-
waram, has let out his house to the girls'
school at Seringapatam. Being Agraharam
houses, it is an essential condition for
the continuance of the vritties, or their
equivalents, or even for the payment of
arrears, that the houses should be ^{owned} ~~used~~ and
occupied only by Brahmins. But so far as
Sumatni Ananchachar is concerned this con-
dition has not been fulfilled, since the
use of the building as a Girls' school ^{can not} ~~is~~
be can not equivalent to its occupation by a Brahmi
~~and~~ the arrears of vritti amount claimed
by him cannot therefore be sanctioned.
Government however, approve of the recommen-
dations, as regards the payment of the &
arrears of vritti amount to sahasran
1/2
Lakshminarasimhar and the Deputy

Commissioner is requested to submit to
sanction^a bill for the amount due to the --
latter from 1886 to 1894, as explained in
para 3 of Government Order 797-8/Muz.31-94
dated ~~150~~.25th December 1898.

5. The other questions regarding the
claims of Kurma Subbannachar and other
vrittidars for the amounts due to them and
about the restoration of the vritties to
the vrittidars do not call for any consi-
deration for the present as the conditions
laid down in the government order dated
2nd December 1894, have not been conformed

(3) Government Order No. 797-8—Muz. 31-94, dated 25th December 1898, passing orders regarding the arrears of Vritti amounts payable to the Vrittidars of the Agrahar.

(4) Government Proceedings No. 603-4—Muz. dated 24th July 1906, declining to reconsider the above order in regard to the reconstruction of the Agrahar houses on the site selected at Seringapatam.

(5) Correspondence ending with letter No. C. 313 of 19-20, dated 24th February 1920, from the Deputy Commissioner, Mysore District, forwarding a statement showing the amount at the credit of the charities and the amount that might be paid to the vrittidars on their fulfilling the conditions laid down in the Government Order dated 2nd December 1894, and stating that two of them, *viz.*, Sahasranamada Lakshminarasimhachar and Sumati Anantachar have built houses on the site selected at Seringapatam, and that the former resides in his house, while the latter has let his house out for the Girls' School there.

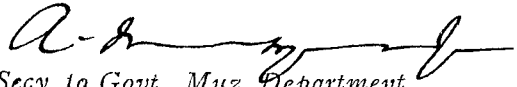

Order No 3110-12—Muz. 696-15-11, dated 5th March 1921.

It will be seen from the orders read above, that two villages had been granted as inam for the benefit of a chattram and some temples and also certain agraharikas in Paschimavahini. As the charities had been neglected and no agrahar had been built, the villages were taken under Government management in 1886, and resumed with effect from 1894-95. In the second of the orders read above, the vrittidars were informed that if they built agrahar houses in a locality approved by the Deputy Commissioner and otherwise conform to the conditions of the original grant, the question of restoring to them the vritties, or their equivalents, would be favourably considered. The application of the vrittidars for a reconsideration of this order was rejected in the fourth of the orders read above.

2. The Deputy Commissioner now reports that Sumati Anantachar and Sahasranamada Lakshminarasimhachar, two of the vrittidars, have built houses on the site allotted to them and recommends the payment of the arrears of vritti amounts due to them. The latter is living in the house built by him while the former, who is the Sanskrit Pandit of the Government A.-V. School at Malleswaram, Bangalore, has let out his house to the Girls' School at Seringapatam. Being Agraharam houses, it is an essential condition for the continuance of the vritties, or their equivalents, or even for the payment of arrears, that the houses should be owned and occupied only by Brahmins. But so far as Sumathi Ananthachar is concerned this condition has not been fulfilled, since the use of the building as a Girls' School cannot be considered as equivalent to its occupation by a Brahmin. The arrears of vritti amount claimed by him cannot therefore be sanctioned. Government, however, approve of the recommendations as regards the payment of the arrears of vritti amount to Sahasranamada Lakshminarasimhachar and the Deputy Commissioner is requested to submit for sanction a bill for the amount due to the latter from 1886 to 1894, as explained in para 3 of Government Order 797-8—Muz. 31-94, dated the 25th December 1898.

No. 3110-12—Muz. 696-15-11 DATED 5TH MARCH 1921.

5 The other questions regarding the claim of Kurma Subbannachar and other vrittidars for the amounts due to them and about the restoration of the vritties to the vrittidars do not call for any consideration for the present as the conditions laid down in the Government Order dated 2nd December 1894 have not been conformed to by them.
